FEBRUARY TERM  
TO OPEN MONDAYFirst Two Weeks Will be Devoted  
to Cases in Which Estates Are  
Involved

## RECORD FOR NOVEMBER TERM

Total of 81 Civil and 15 Criminal  
Cases Disposed of by Trial or  
Dismissal

Everything is in readiness for the opening of the February term of court Monday, after a week's vacation, during which time the business of the November term has been closed, and the preparations made for the new term.

The court calendar for the February term has been partially made out, and the first two weeks will mostly be cases in which estates are involved, and only a few jury trials will be had.

The petit and grand jurors were drawn last Monday and were published at that time.

During the term which has just closed, a total of 31 civil cases were disposed of, either tried or dismissed. Approximately 150 cases remain on the docket.

In the criminal court 15 cases were disposed of either by trial or dismissal. At the present time there are 40 criminal cases pending trial.

During the February term there are 30 reports on estates which are due, and six inventories of estate. There also are 22 guardianship reports due in the new term, and 7 inventories pertaining to guardianships.

Because of the fact that the first two weeks will be devoted almost exclusively to court cases without jury trial, and involves claims against estates, the calendar is not published, but will be published toward the last half of the term when civil and criminal cases will be tried.

It is expected that the conspiracy case of the state against Gregg Alvey will be tried some time in the term, and the day is now left to Fred Gause, Newcastle, who was selected to try the case.

It will be recalled that Judge Sparks submitted five judges to try the case, and after the striking off of two names each by the state and defendant, the remaining name was that of the Henry county judge.

Before he can set the case for trial, he will have to come here and qualify, and at the last minute may fail to serve, which will result in the facts being certified to Governor McCray, and the appointment of a special judge will be left to him.

GERMANY MUST PAY,  
LLOYD GEORGE SAYSDeclares in Birmingham Speech She  
Must Not be Misled by Passion  
And Repeat 1914 Follies

## MUST ALSO DISARM, HE SAYS

(By United Press)

Birmingham, England, Feb. 5—Germany must pay the war indemnity.

She must disarm.

These were the declarations of Premier Lloyd George in a speech here today.

"I advise Germans to accept the bill of \$55,000,000,000 in war reparations and not allow herself to be misled by passion and repeat the follies of 1914," he said.

"Germany has not yet passed herself to the level of Great Britain and France. It is intolerable that the guilty should escape the damages in the light of taxation than the victim."

Lloyd George pointing out that the reparations had been framed to coincide with Germany's prosperity, said if she is prosperous she can pay and must pay. He added that if the Germans once get their minds off the war and on peace they will soon be prosperous again.

The premier asserted that while Germany had made great progress to disarm she must carry out fully the provisions of the peace treaty in this connection.

## WILSON VETOES ARMY BILL

Says Conditions do Not Justify Reduction to 175,000

(By United Press)

Washington, Feb. 5—President Wilson today vetoed the bill fixing the size of the army at 175,000.

The president said conditions in the United States and the World at large did not justify the reductions and called attention to the fact that congress last summer fixed the size of the army at 280,000.

A proper army organization can not be maintained with the number of men provided in this resolution, the president said.

CASE IS VENUED TO  
GLENWOOD SQUIRESquire Stech Sends Case to Union  
Township on a Motion of Change  
From Rushville

## CITY AGAINST MAX TARPLEE

A case in squire Stech's court of the City of Rushville against Max Tarplee, in which the defendant is alleged to have run into a pedestal light post on September 28, has been sent to Union township on a change of venue from Rushville township, and the case will be heard in Glenwood by Squire Thompson.

The change of venue was granted today by Squire Stech, after the defendant filed a motion for a change from the township stating that he could not receive a fair trial here.

Squire Stech, who was injured about two months ago by being struck by an automobile, is improving as fast as could be expected, on account of the seriousness of his injuries. Any court business is being transacted at his residence.

The case in which a change was granted today, was filed with Squire Stech late on the afternoon that he was injured.

HAAGS' COMMITMENT  
NOT MATTER FOR JUDGEJudge Sparks Tells Indianapolis Au-  
thorities Clerk of Criminal  
Court Should Issue It

## FARM SENTENCE TO BE SERVED

Judge Will M. Sparks who sat as special judge in the Marion county criminal court when Julius A. and Louis E. Haag, Indianapolis drug store owners, were convicted on a charge of operating a blind tiger, Oct. 23, 1919, has no further jurisdiction in the case, he said today.

The Indianapolis Star said this morning that consideration of the issuance of a commitment of the Haag brothers, to serve thirty days each in the state penal farm and pay a fine of \$400 and costs, would be taken up by the special judge today, but Judge Sparks points out that it is the duty of the clerk of the court to issue the commitment because the judgment stands on the docket.

Claris Adams, who was prosecuting attorney of Marion county when the Haags were tried, called Judge Sparks Friday by telephone before the judge left for Richmond on legal business, and asked about the case of the Haag brothers. Judge Sparks then stated it was not his duty under the law to issue a commitment or order one issued by the clerk, and he wrote the Indianapolis court officials further about the matter this morning.

The two Haags appealed to the supreme court but dismissed the appeal before going to the federal penitentiary, from which they were paroled last week.

MATTOX CIRCLE  
NO. 51 IS FORMEDLadies of G. A. R. Perfect First Or-  
ganization of Kind Here With  
Election of Officers

## STARTS WITH 24 MEMBERS

Department Officers Present and As-  
sist in Organizing—to Honor  
James K. Mattox

The ladies of the G. A. R. met yesterday afternoon and evening in the commissioners room in the court house, and formed an organization to be known as the Mattox Circle, No. 51, honoring the late James K. Mattox. This is the first organization of its kind to be formed in this city.

The department officers of the ladies of the G. A. R. were present and assisted in the organization work. Those present were Mrs. Mattie Miller, department president, of Logansport; Mrs. Emma Schneider, department treasurer, of Richmond; and Mrs. J. N. Penwell, instituter, of Tipton. Other out-of-town guests present for the meeting were Mrs. Nellie Henke of Logansport and Mrs. Amelia Hening of Richmond.

Twenty-four members and two comrades, Luther Downey and Dan Kinney, were taken into the organization yesterday and fifteen or twenty other ladies have signified their intentions of joining the Circle at the next meeting. It was decided at the meeting yesterday afternoon that the regular meeting dates will be the first and third Friday afternoons of each month.

The officers elected were: President, Mrs. Cornelia Lyons; senior vice-president, Mrs. Eva Offutt; junior vice-president, Mrs. Elizabeth Spradling; treasurer, Mrs. Edna Dagler; secretary, Mrs. Minnie Moore; chaplain, Mrs. Minnie Gohring; conductor, Mrs. Laura Wolverson, assistant conductor, Mrs. Frances Walker, patriotic instructor, Mrs. Zeltha Morgan; guard, Mrs. Cora McMahon; assistant guard, Mrs. Lela Fletcher and press correspondent, Mrs. Ruth Moore.

The purpose and aims of the ladies of this organization is for home charity and to educate the children of the orphans home, if they are unable to educate themselves. The Industrial Club, which has been organized in this city for the past two years, will be an auxiliary to the Mattox Circle.

At the organization meeting plans were also made for the Circle to be represented at the G. A. R. Encampment to be held in Newcastle, May 10, 11, 12. Mrs. Edna Dagler was elected as delegate and Mrs. Zeltha Morgan is the alternate. Other members of the club are making arrangements to attend also.

The members of the Circle have purchased a new piano, so as to have music for their meetings. They also wish to thank the commissioners for permitting them to organize in the commissioners room.

In the evening following the organization work a bountiful pitch-in supper was served to all the ladies present after which the business of the meeting was finished and a short social hour held.

The department officers were well pleased with the outlook of the Mattox Circle and extended their wishes for a prosperous organization.

## IMPROVES SLOWLY

Mrs. John H. Pearsey is slowly improving from a severe attack of bronchial pneumonia, at the home of Mr. and Mrs. Morris Winship in this city.

## CONDITION UNIMPROVED

Elijah Inlow, living west of Rushville, who has been suffering for two weeks with bronchial pneumonia, is reported to be about the same.

NEW ATTENDANCE  
LAW TO BE OFFEREDProvides That No Child Under 16  
Years of Age Shall be Employed  
During School Hours

## WOMEN OF STATE FAVOR BILL

Would Also Bar Employment of  
Children in Places Injurious  
To Health or Morals

A number of women here have received copies of a bill which is sponsored by the Indiana League of Women Voters which provides new regulations for employment of children and also for attendance at school. It was drawn by the child welfare committee appointed by the last legislature.

The employment and attendance provisions are drawn to conform to each other. The bill provides that after September 1, 1923 no child under sixteen may be employed during school hours. Regular school attendance is required of all children between seven and sixteen of years of age, with the exception of those suffering from blindness or deafness, which cases would require special attention, and of those who have completed eighth grade work or its equivalent.

According to the bill, no child under fourteen may be employed outside school hours except for domestic labor and farm service. For children engaged in farm work, the bill provides for creation of part time schools, mandatory in a school corporation where twenty or more children are excused from school attendance to permit employment. No boy under sixteen and no girl under eighteen shall be permitted to work more than six hours a day and forty-eight hours a week, except in farm labor or domestic service.

Occupations are limited as follows: No child under sixteen may work at occupations dangerous to life and limb as certain kinds of machinery (not to include properly guarded machinery and manual training classes.)

No child under sixteen may work at occupations injurious to health and morals, as mines, quarries, tobacco, factories, hotels, theaters, bowling alleys.

No minor under eighteen may be employed at extra hazardous occupations, such as the manufacture of explosives.

No boy under eighteen shall be employed as messenger, etc., between 10 p. m. and 6 a. m. No girl under twenty-one at any hours.

No girl under eighteen at any employment which keeps her standing constantly.

No boy or girl under twenty-one in any public pool or billiard room. Infringement of the attendance provisions are to come under the jurisdiction of the state board of education and its branches, which constitute a state attendance board. Infringement of the employment provisions are to come under the jurisdiction of the state industrial board and its agents.

Another measure of the League of Women Voters which probably will be introduced in the senate this week is a bill providing for a forty-eight-hour week for women in industry. It will be flexible, so that employers of women may require a straight eight-hour day, or a nine-hour day with half-holiday on Saturday.

A third bill to be introduced by the women's organization on which it is now working will provide that mothers be equal guardians with their husbands of their children.

## BETTER AFTER OPERATION

Miss Dorothy Pusey of Carthage, who was operated on Thursday at the Dr. Green hospital for an acute attack of appendicitis, was reported to be resting well, and showed improvement.

## K. OF P. MEETING

The K. of P.'s will meet Monday at 7.30. Work will be given in the second rank. After lodge basket ball will be played, in which a team of new members will stack up against a picked team from the lodge.

NEGOTIATIONS SUSPENDED  
Houston Will Leave Successor Free  
to Talk Loans

(By United Press)

Washington, Feb. 5—Secretary Houston in a letter to Senator Lodge read in the senate today announced that the treasury department has suspended negotiations with foreign governments on the subject of American loans to the allies.

Houston said that he wished to leave his successor freedom to resume negotiations without being bound by commitments. No official provisions are binding the United States or foreign government on the loan question, Houston said.

POLITICAL ICE BROKEN  
BY 2 ANNOUNCEMENTSJohn Davis Comes Out For Republi-  
can Nomination For Mayor and  
George Helm for Treasurer

## OTHERS CONSIDERING STEP

The political ice was broken today when John Davis announced he was a candidate for the republican nomination for mayor in the city primaries and George Helm, city treasurer, announced that he would again seek the nomination for treasurer on the republican ticket.

These are the first candidates to make announcements for the primary which will be held in May. It has been reported for several weeks that both of these men would become candidates, but no formal announcements were forthcoming until today. Friends of both candidates have been urging them to make the race. Both of them have resided in Rushville practically all of their lives. Mr. Helm is serving the last year of a four-year term as city treasurer and Mr. Davis is a farmer and stock-buyer.

No democratic candidates have yet announced, but it is stated on reliable authority that other republican candidates are going to throw their hats into the ring shortly.

HILL BILL EXPECTED  
TO GAIN IN FAVOR NOWFarmers Urge Stock Yards be Placed  
Under Public Service Commission  
At Hearing

## HOUSE UPHOLDS COMMISSION

The bill introduced in the state legislature by Senator Rowland Hill of Carthage, to place stock yards under control of the state public service commission, is expected to gain favor following action of the lower house of the general assembly, late Friday in refusing to abolish the commission by striking out the enacting clause of a bill to re-establish the old railroad commission in its place.

At a public hearing on Senator Hill's bill Thursday evening, representatives of the Indiana Federation of Farmers associations urge the senate committee on agriculture to report the bill favorably. The Rush county association is on record as favoring such action.

Sam Rauh, president of the Indianapolis Union stockyards, and Horace Fletcher, of the Indianapolis Live Stock Exchange, spoke against the bill.

Mr. Fletcher and Mr. Rauh said that the public service commission was busy enough without having the additional task of supervising stockyards. They asserted that the local yards were giving service more economically than those in some of the other states.

John G. Brown, president of the Farmers' Federation; Earl Crawford and E. A. Williams, also representing the federation, said passage of the bill would have a "salutary effect" and that at present the farmers are forced to accept whatever the stockyards offer.

COMMISSION BILL  
CENTER OF TANGLESome Legislators Argue Constitu-  
tional Majority of 51 is Neces-  
sary to Kill it

## OTHERS TAKE OPPOSITE VIEW

Believe Vote of 50 to 35 to Strike  
Out Enactment Clause is Suffi-  
cient

(By United Press)

Indianapolis, Ind., Feb. 5—The legislature marked time today in the week-end adjournment.

There was some discussion among those assemblies remaining in Indianapolis over the future of the bill which would abolish the public service commission and restore the railroad commission.

The house of representatives late yesterday voted 50 to 35 to strike out the enactment clause. The question was whether the bill was killed by this vote.

Some representatives argue that a constitutional majority of 51 is needed to kill the bill and others took the position that a majority of those voting is sufficient.

If the former group is correct, the bill is still pending but if the latter group is right, the bill has been indefinitely postponed.

Speaker McClure said today the bill is dead. But some members of the house heard him pass it to engrossment which is equivalent to preparing it for final consideration. Representative Newman of Indianapolis, joint author of the bill, said the measure still lives.

That is the situation in the parliamentary tangle.

Speaker McClure will favor the bill out of order unless some member of the house brings the question up in the house next week.

Representative Claude Smith, also a signer of the bill, who has been one of its active sponsors, considers its ultimate defeat certain if it is brought up again when Speaker McClure hands it down for second reading.

GEN. MITCHELL ARGUES  
FOR AERIAL CONTROLAssistant Chief of Army Air Serv-  
ice Advises Combining Army And  
Navy Departments

## FAVORS AIR CONTROL AT SEA

(By United Press)

Washington, Feb. 5—The United States would be unable today to prevent an aerial attempt on this country by England, Brigadier General William Mitchell, assistant chief of the army air service, told the house naval affairs committee today.

He used this as an argument for aerial control. Mitchell advocated construction of airplane carrying ships by which every sea fleet will control the air wherever it goes.

He added that the most efficient thing we could do would be to combine the war and naval department under a minister of defense. We can't learn anything about England's construction of airplane carriers, he said, but we know she is going strong on the development of air strength over the water.

Our air strength should be stronger than that any possible enemy can bring against us," the witness said. "Otherwise a hostile fleet could force use out of the air and carry the air fleet from the American coast to the interior."

Construction of two airplanes carrying ships will be recommended by the house naval committee, it was indicated when chairman Butler and a number of committeemen said they were strongly impressed with Mitchell's argument.

## AN AMERICAN KILLED

Washington, Feb. 5—An American citizen was killed in the state of Durango, Mexico, during the uprising led by Arieta Brothers, the state department announced today.

Northwestern extra fancy Winesaps steady f. o. b. shipping points at \$2.10-2.25 per box; New York market steady, large sizes \$4-4.25, medium sizes \$3.00-3.50.

Hay and Feed—Cincinnati reports that heavy receipts poor quality timothy are depressing market factor. Alfalfa slightly steadier in Cincinnati; fair country demand noted in Chicago. Arrivals light in Chicago, few advices of country loadings; demand sufficient to absorb offerings particularly of light two wire bales. Chicago market reports a few buyers need small number cars good southwestern prairie for which \$18-20 could be realized. Kansas City arrivals heavier but demand is better and prices practically unchanged. Idaho alfalfa arriving freely in Kansas City; indications point to heavy movement in near future. Loading in Kansas light account bad roads and weather. Quoted: No. 1 timothy \$25; Chicago; \$25 Cincinnati; \$29 Memphis; No. 2 timothy \$22 Chicago; \$22.50 Cincinnati; 26 Memphis. No. 1 clover mixed \$22.50 Cincinnati; No. 1 alfalfa \$24 Cincinnati, \$29 Memphis. No. 2 alfalfa \$22.50 Memphis.

Wheat feed dull, weak and easier. Southern markets reports little activity in cottonseed meal. Demand for feeds light. Stocks in general ample, in Northwest considerably larger than normal. Recent decline has resulted in bids now offered being more in proportion to present mill quotations for wheat feeds. Linseed meal weaker, demand light, mill agents in Chicago now offering at \$40 though jobbers are able to buy at \$39 that market. Hominy feed offerings lighter; prices steadier. Eastern markets depressed; mobbing prices vary greatly. Minneapolis and Kansas City markets drab. Arrivals light in Kansas City; March soft bran offered at \$24; gray shorts \$25.50; Quoted: bran \$23; middlings \$21.50; rye feed \$21, flour middlings \$26, Minneapolis 36% cottonseed meal \$27 Memphis, \$31 New York, \$33.50 Chicago. White hominy feed \$24 Chicago, \$22.50 St. Louis. Beet pulp \$36 Cincinnati, \$37 Northeastern markets. Gluten feed \$35 Chicago. Oat feed \$10 St. Louis.

Livestock and Meats—A sharp decline in sheep and lamb prices features the Chicago livestock market the past week. Fat lambs broke 50-1.25; feeding lambs 75-1.50. Yearlings lost \$1.25-1.50; fat ewes weak to \$50 lower. Cattle declines, ranged 25-50c per 100 lbs with some choice steers \$1 lower. Hogs ranged 15c lower to 10c higher. February 4 Chicago prices: hogs bulk of sales, \$9.20-10.00; medium and good beef steers \$7.25-8.75, butcher cows and heifers \$4.50-8.00; feeder steers \$6-8.00; light and medium weight veal calves \$9.50-12.00; fat lambs 7.25-10.25; feeding lambs \$7.25-8.75; yearlings \$6-7.50; fat ewes \$3.50-5.00. Prices of practically all classes and grades of meat declined on eastern wholesale markets. Beef down \$1.50-2.00; veal lamb, mutton and pork loins \$1-1.3. February 4 prices good grade meats; beef \$13-14; veals \$20-22; lamb \$17-20; mutton \$10-12; light pork loins \$19-22; heavy loins \$15-19.

Dairy Products—Butter markets have been weak and unsettled. No trading interest and market generally lacks support. A New York foreign butter has been an important factor producing this condition as buyers have shown preference for high quality foreign butter at favorable prices. Reduced consumptive demand apparent in some sections. Prices 92 score, domestic fresh; New York 46c; Chicago 45c; Philadelphia 46c; Boston 47c.

Cheese, markets lost some of their firmness during week and prices have declined slightly; tendency still downward. Buyers look for lower prices and operating cautiously. Fancy held cheese firm. Very little export business during week. Prices

DELEGATES OF TRADE UNION TO HOLD MEET

Discuss Means to Combat Throwing Out of Employment Men Who Wish to Smash Trade-Unionism

CRISIS IN LABOR MOVEMENT

Chicago, Feb. 5—Delegates from every trade union in Chicago are to hold a mass meeting here tomorrow to discuss means of combatting what they term "the throwing out of employment of thousands of men by employers who wish to smash trade-unionism".

Labor in the middle west charges that the legions of unemployed throughout the country are victims of manufacturers who lay off their men so that they may crush the unions and force men to take less pay. "This is a crisis in the labor movement", Robert M. Buck, one of the leaders of the liberal union officials in the Midwest said today. "Labor is prepared to answer the challenge of capital and fight."

The meeting tomorrow is to be a clearing house for ideas on how to successfully combat the alleged conspiracy of employers to break up unions.

It is expected that a meeting of labor representatives from all over the middle west will result from the meeting.

Fresh cheese Wisconsin primary markets average; twins 24 1/2c; dairies 25c; double dairies 24 1/2c; long-horns 26 1/2c; Young Americas 25c.

Grain—The week opened with falling grain prices that continued until the 2nd when over sold condition was revealed and general buying set in. The advance was short lived, however, and during week the morning of the 4th Chicago May wheat sold at \$1.40 1/2 a new low price on crop. Chicago Board of Trade has discontinued posting Argentina grain prices account effort on American markets. Export demand generally slow. Germany reported to have taken 3,700,000 bushels of Australian wheat at about 12c under American prices. Italy reports Argentine offering wheat much cheaper than America, yet Argentine inquiring for wheat at Gulf on the 4th. Milling demand reported slow; country offerings small. Country offerings of corn to arrive moderate. Kansas City reports millings and export demand slow to fair with cash No. 2 dark wheat 6 1/2c over Kansas City March. Minneapolis flour demand dull. For the week Chicago March wheat lost 13 1/2c closing at \$1.52 1/2; May corn 1 1/2c at 65 1/2. Minneapolis March wheat down 13 1/2c at \$1.42 1/2; Kansas City March 12 1/2c at \$1.46; Winnipeg May 10 7/8c at \$1.67 1/2. Chicago May wheat 1.42 1/2.

Don't Burn Good Fuel in a Poor Stove. TAKE PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPSINCO.

**EVE FIRST ADVERTISER**

London, (By Mail to U. P.)—Eve was the world's first advertiser. It was because she pointed out the excellent qualities of fruit that Adam and she found themselves outside the Garden of Eden. If Eve hadn't "boosted" the apple, Adam would never have partaken.

These facts were pointed out by Sir Robert Horne in a speech at the opening of the Advertising Exhibition here. The serpent, he said, was the advertising agent who knew his job well. He advertised his goods through Eve because he knew she had a "pull" with the public he was trying to reach, or in other words, poor old Adam.

Sir Robert failed to point out whether Adam ever repented of his response to the lure of advertisement—but he pointed out nevertheless that advertised articles are bound to be good, or no amount of advertising will sell them a second time. It is assumed that the advertised apple lived up to the reputation Eve had claimed for it and that Adam thereafter became an habitual apple-eater.

**Amusements**

**"The Pleasure Seekers" at Princess**

Elaine Hammerstein, one of the screen's most charming exponents of demure simplicity, will be the headline attraction at the Princess theatre today.

The beautiful Selznick star will be seen this time in her latest production entitled "Pleasure Seekers," an original story by John Lynch, and the scenario by Edward Montague, a writing combination that has been responsible for many recent photoplay successes.

The story of "Pleasure Seekers" concerns the career of a young girl who lives with her grandfather, an aged minister, in the small town of South Paradise. One day she chanced to meet the son of a wealthy New York business man who has been sent out into the world to make his own way. The man is an idler and a spendthrift, but the girl finds in him something that appeals to her sense of companionship. Shortly after the death of her grandfather they marry and return to the city. It is then that their life together really begins and the girl finds that she has taken a great task upon her slim shoulders.

The role of Mary Murdock is a typical Hammerstein part, and the feelings of the observer will be divided between sympathy and admiration for the courageous girl who quietly but firmly wins her way to happiness.

**"Other Men's Shoes," Mystic**

Do you believe that a man who

had served a year in prison, could step into the shoes of his minister brother? There is such a situation as the central theme of "Other Men's Shoes," coming to the Mystic Theatre Monday and Tuesday.

Stephen and Jim Browning were twin brothers, so alike in face, form and voice that their most intimate friends could not tell them apart. Both were splendid men morally, but Stephen, the minister, was frail of body and meek of spirit and unable to withstand the buffets of a greedy world. Jim had heeded the call of Wanderlust for twelve years and had gone to jail for the crime of another.

When the strong brother steps into the shoes of the meek brother interesting complications arise, for no one but his sister and brother know of the masquerade. Blackmailers threaten to besmirch his name in the eyes of the townspeople whose attitude of tolerant respect changed to whole hearted admiration when their minister suddenly displayed a courageous, two-fisted fighting spirit.

Clean, wholesome, vigorous human and dramatic, "Other Men's Shoes" has been called one of the finest productions of the new year. Crawford Kent head a splendid cast in which are Irene Boyle, Harold Forsyth, John P. Wade, Jean Armour, Phil Sanford and Bobby Connelly.

Stay at Home and Prosper

Don't go to the big cities in search of fortune. The rent hogs will eat you up.

Owners of large city houses and apartment buildings have developed into the greediest blood suckers the world has ever known. Apartments that rented for \$40 and \$45 a month a year ago are now \$75 and \$100. By moving (May 1) they will probably be given another boost.

If you go from the country to the big city you must rent a room and

take your meals at restaurants, or pay a small fortune for hotel accommodations. If you rent a room the rent will be in proportion to the amount the people pay for the apartment. Your meals will be equally high, and by the time you have coughed up to these two tunes you will not have much left, regardless of the high wages offered.

The rent hogs are not satisfied with their pound of flesh. They want the whole carcass, and at the rate they are going they will soon have it devoured.

This is a good place in which to live, and there are no pounds of flesh or whole carcasses exacted. The same applies to our farms. Stay at home and prosper.

Shooting an American officer just at this time demonstrates the mental shrewdness of the little Japs. Apparently Mr. Wilson doesn't want

to kick up a rumpus on the eve of retiring, and it's quite as apparent that Mr. Harding can't do anything on the eve of entering.

Disarmament is enthusiastically supported by the smaller nations that can not afford to arm.

Henpecked husbands have a great habit of telling other people how to control their wives.

Some married men take an awful lot of comfort in their pipes. But pipes, you know, can't talk.

Financial reverses never take the starch out of some men. They have none to lose.

When a fellow feels that he is nearing the point of perfection he complains of being continually misunderstood.

THE TREND of LEGISLATION

By GEO. W. STOUT  
State Chamber of Commerce

Indianapolis, Ind., Feb. 5.—To those who do not understand why the House bill to abolish the Public Service Commission was permitted to survive beyond "first reading," the vote being 52 to 46 against indefinite postponement of the bill it may be pointed out that friends of the abolishment bill pleaded that it would not be far to dispose of an important measure summarily; that it ought to be discussed before its demise, even though fated to die at last.

With four representatives as "daddies" of the bill it was possible to rally personal friends and "fiar play" members in numbers sufficient to stave off the defeat of the bill for the time being. The close shave in the House is taken to mean that even if the bill finally passes in the lower body it will be defeated in the Senate.

The sober conviction among the people throughout the State, regardless of extravagant contrary claims made by a few extremists, is to the effect that the Public Service Commission not only is useful, but that it is so built into the State's system of government and management as to be essential and practically impossible of dissolution without irreparable damage to the public.

Monday night next comes a public hearing on the important all-time health officer bill. It is an interesting commentary upon Indiana's record in the realm of public health service that only within the last few days has there been any substantial recognition of the work done in the last twenty-five years by Dr. J. N. Hurty, the far-famed secretary of the State Board of Health, known now as Health Commissioner. A bill has gone part of the way through giving the Commissioner who succeeds Dr. Hurty \$4,000 a year instead of \$3,000 annually in salary. This would not be so peculiarly significant if it were not also true that the state veterinarian for some years has been drawing \$4,000 a year as compared with Hurty's \$3,000.

Dr. Hurty is about to retire from his present work to take a position paying \$5,000 a year with prospects of a larger and increasing recognition with time. He goes to a big educational institution in Missouri. His friends declare that Dr. Hurty, in staying on the job in Indiana for so many years at low pay has sacrificed at least \$50,000. Dr. Hurty, however, declares he is proud and glad of it.

Just now the famous health worker who has put Indiana's name conspicuously forward in all parts of the country through his energetic and original efforts for public health achievement, is pointing out

to law-makers of Indiana the fact that an Indiana idea, advanced in 1909, while ignored by Indiana herself, has been adopted by eleven other states, with still others coming to Indiana for counsel and advice in making of modern health laws.

Dr. Hurty presented his all-time county health officer plan for Indiana. There are signs, it is said, that the measure has gained a standing and favor not before accorded. One of the significant moves made on behalf of the bill was made today when representatives of the Legislative Council of Indiana Women accompanied Dr. Hurty and other earnest advocates of the bill to a conference with Gov. McCray, in which conference the executive was asked to give his support to the bill. It has been confidently predicted that the governor will help the measure to 1921 enactment.

It is shown that in Indiana at this time 541 so-called health officers in cities towns and counties are giving not more than \$20,000 worth of public service per year at a cost to the people of a cool \$200,000 annually. The State Board of Health has made a survey of conditions, and it is found that \$180,000 a year is actually wasted in paying for public service that is not rendered.

Many examples are being cited to show where this waste exists or persists from year to year. One county health commissioner, in a larger county drew \$960 in one year from the people's treasury and could not, and did not show a scrap of record to indicate one of service in return.

In another county where the local health commissioner under the present law drew more than \$1,000 in a year his records showed he had worked a total of twenty-nine days for his money as a public health agent, while analysis proved he had given actually but ten days in return for more than \$1,100. In many smaller cities the local health officers as now constituted and empowered drew from \$300 to \$600 a year and do absolutely no public health work for the pay received. Dr. Hurty asserts that these health officers are not entirely to blame under the faulty present law.

The present health law, it is being pointed out, was enacted thirty-one years ago is unscientific and unequal to the work out to be done. Doctors are employed who give little time from their "cure" business to "preventive" work. Being in competition with other physicians they get little co-operation in public health work. Doctors are not trained in disease prevention methods, having studied cure only. The law fails to define duties and powers of health officers provides inadequate pay. The proposed new law will be discussed here later.

## SPICELAND ACADEMY WINS IN A THRILLER

Defeats Fairview High School, Which Shows Reversal of Form, Friday Night, 22 to 20.

### HARD LUCK TRAILS FAIRVIEW

The Spiceland Academy basketball team won a thriller last night on the floor at Fairview when they won by a two point margin, 22 to 20. The Fairview team attempted to win out in the final minutes of play, but hard luck seemed to trail them, as many easy shots went wild.

The Fairview team, which has been traveling for several weeks in a slump, showed a reversal of form last night, and promises to loom up again strong by the time of the tourney, which will be held in Richmond.

The first half ended 14 to 11 in favor of the visiting team. One goal that Parker threw did not count because he had his foot on the wall, and had this counted an overtime contest would have been played.

The score and summary:

Spiceland	22	Fairview	20
Stickler	f	Parker	
Wright	f	Link	
R. Reese	c	Peters	
Lacey	g	Cook	
V. Reese	g	Reed	

Substitutions: Fairview, Duncan for Cook; Spiceland, Myers and Linshaw. Field goals, R. Reese 3, Lacey, Myers 3, Peters 4, Parker, Link 2, Cook. Foul goals, R. Reese 3, Peters 3, Cook 1.

## LIBERTY IS SWAMPED BY MILROY QUINTET

Rush County Team Takes Contest For Second Time This Season By Score of 45 to 22

### PLAY HARTFORD CITY TONIGHT

The Liberty high school met defeat last night at the hands of Milroy, the final count being 45 to 22. It was the second time this season that the Union county team has been defeated by Milroy, and substitutes were used practically throughout the game, holding the visitors in the first half to a 21 to 7 count.

In the last half Milroy climbed all over Liberty and the visitors at no time in the game were considered dangerous. McKee, Osterling, Cowan and Stewart were the point getters for Milroy and Burt and Thompson stood out for the Liberty team.

Milroy will face another game tonight, when the Hartford City team plays there. The Hartford City team was defeated last night at Columbus 50 to 21, and Milroy will probably find things easy with them tonight.

The score and summary:

Milroy (45)		Liberty (22)
C. Root	F	Burt
McKee	F	Thompson
Osterling	C	DuBois
D. Jones	G	McCashland
McCorkle	G	Campbell

Substitutions: Milroy, Stewart,  
Harcourt and Cowan; Liberty, Pad-  
dock Grove, Brown and LaFuse.

Field goals: McKee 5, Osterling 6, Stewart 5, Cowan 5, Burt 4, Thompson 2, DuBois 3.

Foul goals, Osterling, McKee 2, Thompson 3, DuBois.

## CLASS OF RED AND BLACK WINS GAME

Rushville High School Returns to Real Form in Last Half and Leaves Newcastle

### SCORES 10 FIRST, 22 LAST

Visitors Displays Wonderful Team Work First Frame But Pace is Too Fast

The red and black basketball team of the local high school displayed class basketball in the final period of play last night, and the Rose City quintet from Newcastle went down into defeat for the second time this season, 32 to 19.

The visiting team displayed fast and effective team work throughout the first period, and had the local team bested on basketball tactics, but in the last half Rushville took the role as pacemakers and gradually walked away.

Newcastle displayed some of the best team work that any team has ever had on the local floor and speed by both teams kept the game on edge all of the way through. The first half was a continuous play, neither side calling time.

Right at the start of the game E. Headlee broke through with a field basket, only to be matched by one from Jolly, his opponent at center. Then Reynolds, local forward, put the red and black in the lead again with two points, by an accurate shot from the side line.

Jolly made good a foul point, and from this time on seemed to have things their own way. Shortly before half time ended, Newcastle had 10 points while Rushville was held to 7. The locals managed to tie the score before the half ended when Eakins made a foul throw and E. Headlee tipped the ball in again. The half then ended 10 to 10.

Newcastle came back with their fighting spirit renewed in the final half, and for five minutes played in whirlwind fashion, but the locals seemed to be working their combination and managed to slip through their line of defense.

Newcastle never tied the score again in the game, after the first half had ended, and the red and black tossers began to climb through with hard playing. At one time the score was 14 to 13, which was the closest that the visitors came of tying up with the locals.

The last five minutes of play Rushville began to get "warmed up" and displayed some of the fastest pieces of team work possible and broke through the Newcastle line. With only a few minutes to play the score was 26 to 17, then 28 to 17 and then Newcastle made their last field goal, putting them up to 19 points.

In the last minute and fifteen seconds of play Eakins hit the net from the center of the floor, and E. Headlee dribbled down on the left side and hooked the ball through for the last counter, just a second before the game was over.

In the last period of play Newcastle had made nine points while Rushville had made 22.

The visiting team missed connections while coming to this city, and did not arrive until a few moments before nine, but the crowd stayed, and the hour of waiting passed quickly, as the high school band entertained the crowd. The attendance last night was one of the largest of this season.

The score and summary: Rushville (32) Newcastle (19) Reynolds F Haynes Miller F Boor E. Headlee C Jolly Eakins G Hatfield Frazee G Clingrish Substitutions: Rushville, Phillips for Reynolds; Newcastle, Rowles for Boor, Steele for Hatfield.

Field goals, Reynolds 3, E. Headlee 8, Eakins 2, Phillips, Haynes 2, Boor, Jolly, Hatfield 3.

Foul goals: Eakins 4; Jolly 5, Referee Evans.

K. of P., 25; K. of C., 17

In the curtain raiser to the Rushville-Newcastle game last night, the Knights of Pythias team won over the Knights of Columbus team 25 to 17, the losers staging a comeback in the last half, but not great enough to overcome the lead of 14 to 1, which the K. of P. team had run up in the first half.

The K. of P. team walked all over the K. of C. team in the first half, but in the final period of play, the K. of C. team began to climb up, and Hill, the forward, cut loose on the basket, and made 5 points.

Brown for the winners made five baskets, and Shaw, floor guard, got three baskets which were of the sensational order. The game created considerable interest, as it was the

first contest between the two teams. K. of P. (25) K. of C. (17) Brown F Hill Davis F L. McCoy Stoops C J. Caron Shaw G Knecht Petry G Keating Substitutions: McMannus for Davis; L. Caron for L. McCoy. Field goals: Brown 5, Davis 3, Shaw 3, McMannus, Hill 5, J. Caron 2, L. Caron. Foul goals: Stoops, Keating. Referee Evans.

## RALEIGH LOSES HOME GAME

Is Defeated by Carthage High School Friday Night, 26 to 11

Raleigh high school basketball team lost the first game on its own floor Friday night to Carthage, 26 to 11. Carthage, even with Captain Moore, the star of the Quaker quintet, out of the game, had everything its own way and held the home team scoreless the first half. At the midway point the score was 8 to 0. The contest went ten minutes overtime. The Carthage seconds defeated the Raleigh seconds in a preliminary, 16 to 15.

The Arlington high school basketball tossers meets Carthage in the new Carthage auditorium tonight and there will be two preliminaries. The Spiceland/second team will play the Carthage understudies and the Charlottesville girls team will meet the Carthage high school girls.

## MANUFACTURERS PLAN FOR A BASEBALL WEEK

Sporting Goods Men Will Have a Boosters Affair to Promote Baseball Interest

### THE DATE IS APRIL 1 TO 10

Chicago, Feb. 5.—To overcome any public coolness toward baseball which may have been occasioned by recent exposures of game-throwing, The Chamber of Commerce of Athletic Goods Manufacturers is planning a National Baseball Week.

During that week, between April 1 and 10th, every sporting goods dealer in the country will be asked to make a special display of baseball as a pastime in every possible manner. A thousand dollars in cash prizes will be awarded for the best window displays on that occasion.

David Levinson of Chicago, chairman of the publicity committee of the Chamber of Commerce of the industry, has charge of the campaign for increased public confidence and interest in the national pastime.

## Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young. ## RECORD FOR NOVEMBER TERM

Total of 81 Civil and 15 Criminal  
Cases Disposed of by Trial or  
Dismissal

Everything is in readiness for the opening of the February term of court Monday, after a week's vacation, during which time the business of the November term has been closed, and the preparations made for the new term.

The court calendar for the February term has been partially made out, and the first two weeks will mostly be cases in which estates are involved, and only a few jury trials will be had.

The petit and grand jurors were drawn last Monday and were published at that time.

During the term which has just closed, a total of 31 civil cases were disposed of, either tried or dismissed. Approximately 150 cases remain on the docket.

In the criminal court 15 cases were disposed of either by trial or dismissal. At the present time there are 40 criminal cases pending trial.

During the February term there are 30 reports on estates which are due, and six inventories of estate. There also are 22 guardianship reports due in the new term, and 7 inventories pertaining to guardianships.

Because of the fact that the first two weeks will be devoted almost exclusively to court cases without jury trial, and involves claims against estates, the calendar is not published, but will be published toward the last half of the term when civil and criminal cases will be tried.

It is expected that the conspiracy case of the state against Gregg Alvey will be tried some time in the term, and the day is now left to Fred Gause, Newcastle, who was selected to try the case.

It will be recalled that Judge Sparks submitted five judges to try the case, and after the striking off of two names each by the state and defendant, the remaining name was that of the Henry county judge.

Before he can set the case for trial, he will have to come here and qualify, and at the last minute may fail to serve, which will result in the facts being certified to Governor McCray, and the appointment of a special judge will be left to him.

GERMANY MUST PAY,  
LLOYD GEORGE SAYSDeclares in Birmingham Speech She  
Must Not be Mislead by Passion  
And Repeat 1914 Follies

## MUST ALSO DISARM, HE SAYS

(By United Press)

Birmingham, England, Feb. 5—Germany must pay the war indemnity.

She must disarm.

These were the declarations of Premier Lloyd George in a speech here today.

"I advise Germans to accept the bill of \$55,000,000,000 in war reparations and not allow herself to be misled by passion and repeat the follies of 1914," he said.

"Germany has not yet passed herself to the level of Great Britain and France. It is intolerable that the guilty should escape the damages in the light of taxation than the victim."

Lloyd George pointing out that the reparations had been framed to coincide with Germany's prosperity, said if she is prosperous, she can pay and must pay. He added that if the Germans once get their minds off the war and on peace they will soon be prosperous again.

The premier asserted that while Germany had made great progress to disarm, she must carry out fully the provisions of the peace treaty in this connection.

## WILSON VETOES ARMY BILL

Says Conditions do Not Justify Reduction to 175,000

(By United Press)

Washington, Feb. 5—President Wilson today vetoed the bill fixing the size of the army at 175,000.

The president said conditions in the United States and the World at large did not justify the reductions and called attention to the fact that congress last summer fixed the size of the army at 280,000.

A proper army organization can not be maintained with the number of men provided in this resolution, the president said.

CASE IS VENUED TO  
GLENWOOD SQUIRESquire Stech Sends Case to Union  
Township on a Motion of Change  
From Rushville

## CITY AGAINST MAX TARPLEE

A case in squire Stech's court of the City of Rushville, against Max Tarplee, in which the defendant is alleged to have run into a pedestal light post on September 28, has been sent to Union township on a change of venue from Rushville township, and the case will be heard in Glenwood by Squire Thompson.

The change of venue was granted today by Squire Stech, after the defendant filed a motion for a change from the township stating that he could not receive a fair trial here.

Squire Stech, who was injured about two months ago by being struck by an automobile, is improving as fast as could be expected, on account of the seriousness of his injuries. Any court business being transacted at his residence.

The case in which a change was granted today, was filed with Squire Stech late on the afternoon that he was injured.

HAAGS' COMMITMENT  
NOT MATTER FOR JUDGEJudge Sparks Tells Indianapolis Authorities Clerk of Criminal  
Court Should Issue It

## FARM SENTENCE TO BE SERVED

Judge Will M. Sparks who sat as special judge in the Marion county criminal court when Julius A. and Louis E. Haag, Indianapolis drug store owners, were convicted on a charge of operating a blind tiger, Oct. 23, 1919, has no further jurisdiction in the case, he said today.

The Indianapolis Star said this morning that consideration of the issuance of a commitment of the Haag brothers, to serve thirty days each in the state penal farm and pay a fine of \$400 and costs, would be taken up by the special judge today, but Judge Sparks points out that it is the duty of the clerk of the court to issue the commitment because the judgment stands on the docket.

Claris Adams, who was prosecuting attorney of Marion county when the Haags were tried, called Judge Sparks Friday by telephone before the judge left for Richmond on legal business, and asked about the case of the Haag brothers. Judge Sparks then stated it was not his duty under the law to issue a commitment or order nisi issued by the clerk, and he wrote the Indianapolis court officials further about the matter this morning.

The two Haags, appealed to the supreme court but dismissed the appeal before going to the federal penitentiary, from which they were paroled last week.

British chapter No. 24, E. A. M. will have work in the Royal Arch degree Monday night, Feb. 8. A good attendance is desired.

MATTOX CIRCLE  
NO. 51 IS FORMEDLadies of G. A. R. Perfect First Organization of Kind Here With  
Election of Officers

## STARTS WITH 24 MEMBERS

Department Officers Present and Assist in Organizing to Honor  
James K. Mattox

The ladies of the G. A. R. met yesterday afternoon and evening in the commissioners room in the court house, and formed an organization to be known as the Mattox Circle, No. 51, honoring the late James K. Mattox. This is the first organization of its kind to be formed in this city.

The department officers of the ladies of the G. A. R. were present and assisted in the organization work. Those present were Mrs. Mattie Miller, department president, of Logansport; Mrs. Emma Schneider, department treasurer, of Richmond; and Mrs. J. N. Penwell, instructor, of Tipton, Ind. Other out of town guests present for the meeting were Mrs. Nellie Henke of Logansport and Mrs. Amelia Hening of Richmond.

Twenty-four members and two comrades, Luther Downey and Dan Kinney, were taken into the organization yesterday and fifteen or twenty other ladies have signified their intentions of joining the Circle at the next meeting. It was decided at the meeting yesterday afternoon that the regular meeting dates will be the first and third Friday afternoons of each month.

The officers elected were: President, Mrs. Cornelia Lyons; secretary, Mrs. Eva Giffitt; junior vice-president, Mrs. Elizabeth Spradling; treasurer, Mrs. Edna Dagler; secretary, Mrs. Minnie Moore; chaplain, Mrs. Minnie Gohring; conductor, Mrs. Laura Wolverton, assistant conductor, Mrs. Frances Walker, patriotic instructor, Mrs. Zeltha Morgan; guard, Mrs. Cora McMahon; assistant guard, Mrs. Lela Fletcher and press correspondent, Mrs. Ruth Moore.

The purpose and aims of the ladies of this organization is for home charity and to educate the children of the orphans home, if they are unable to educate themselves. The Industrial Club, which has been organized in this city for the past two years, will be an auxiliary to the Mattox Circle.

At the organization meeting plans were also made for the Circle to be represented at the G. A. R. Encampment to be held in Newcastle, May 10, 11, 12. Mrs. Edna Dagler was elected as delegate and Mrs. Zeltha Morgan is the alternate. Other members of the club are making arrangements to attend also.

The members of the Circle have purchased a new piano, so as to have music for their meetings. They also wish to thank the commissioners for permitting them to organize in the commissioners room.

In the evening following the organization work a bountiful pitch-in supper was served to all the ladies present after which the business of the meeting was finished and a short social hour held.

The department officers were well pleased with the outlook of the Mattox Circle, and extended their wishes for a prosperous organization.

NEW ATTENDANCE  
LAW TO BE OFFEREDProvides That No Child Under 16  
Years of Age Shall be Employed  
During School Hours

## WOMEN OF STATE FAVOR BILL

Would Also Bar Employment of  
Children in Places Injurious  
To Health or Morals

A number of women here have received copies of a bill which is sponsored by the Indiana League of Women Voters which provides new regulations for employment of children and also for attendance at school. It was drawn by the child welfare committee appointed by the last legislature.

The employment and attendance provisions are drawn to conform to each other. The bill provides that after September 1, 1923 no child under sixteen may be employed during school hours. Regular school attendance is required of all children between seven and sixteen of years of age, with the exception of those suffering from blindness or deafness, which cases would require special attention, and of those who have completed eighth grade work or its equivalent.

According to the bill, no child under fourteen may be employed outside school hours except for domestic labor and farm service. For children engaged in farm work, the bill provides for creation of part time schools, mandatory in a school corporation where twenty or more children are excused from school attendance to permit employment. No boy under sixteen and no girl under eighteen shall be permitted to work more than six hours a day and for eight hours a week, except in farm labor or domestic service.

Occupations are limited as follows:

No child under sixteen may work at occupations dangerous to life and limb as certain kinds of machinery (not to include properly guarded machinery and manual training classes.)

No child under sixteen may work at occupations injurious to health and morals, as mines, quarries, tobacco, factories, hotels, theaters, bowling alleys.

No minor under eighteen may be employed at extra hazardous occupations, such as the manufacture of explosives.

No boy under eighteen shall be employed as messenger, etc., between 10 p. m. and 6 a. m. No girl under twenty-one at any hours.

No girl under eighteen at any employment which keeps her standing constantly.

No boy or girl under twenty-one in any public pool or billiard room. Infringement of the attendance provisions are to come under the jurisdiction of the state board of education and its branches, which constitute a state attendance board. Infringement of the employment provisions are to come under the jurisdiction of the state industrial board and its agents.

Another measure of the League of Women Voters which probably will be introduced in the senate this week is a bill providing for a forty-eight hour week for women in industry. It will be flexible, so that employers of women may require a straight eight-hour day, or a nine-hour day with half-holiday on Saturday.

A third bill to be introduced by the women's organization on which it is now working will provide that mothers be equal guardians with their husbands of their children.

## BETTER AFTER OPERATION

Miss Dorothy Posey of Carthage, who was operated on Thursday at the Dr. Green hospital for an acute attack of appendicitis, was reported to be resting well, and showed improvement.

## K. OF P. MEETING

The K. of P. will meet Monday at 7 p. m. in the work will be given in the second rank after which a basketball will be played, in which a team of new members will stack up against a picked team from the lodge.

## NEGOTIATIONS SUSPENDED

Houston Will Leave Successor Free  
to Talk Loans

(By United Press)

Washington, Feb. 5—Secretary Houston in a letter to Senator Lodge read in the senate today, announced that the treasury department has suspended negotiations with foreign governments on the subject of American loans to the allies.

Houston said that he wished to leave his successor freedom to resume negotiations without being bound by commitments. No official provisions are binding the United States or foreign government on the loan question, Houston said.

POLITICAL ICE BROKEN  
BY 2 ANNOUNCEMENTSJohn Davis Comes Out For Republican  
Nomination For Mayor and  
George Helm for Treasurer

## OTHERS CONSIDERING STEP

The political ice was broken today when John Davis announced he was a candidate for the republican nomination for mayor in the city primaries and George Helm, city treasurer, announced that he would again seek the nomination for treasurer on the republican ticket.

These are the first candidates to make announcements for the primary which will be held in May. It has been reported for several weeks that both of these men would become candidates, but no formal announcements were forthcoming until today. Friends of both candidates have been urging them to make the race. Both of them have resided in Rushville practically all of their lives. Mr. Helm is serving the last year of a four-year term as city treasurer and Mr. Davis is a farmer and stock-buyer.

No democratic candidates have yet announced, but it is stated on reliable authority that other republican candidates are going to throw their hats into the ring shortly.

HILL BILL EXPECTED  
TO GAIN IN FAVOR NOWFarmers Urge Stock Yards be Placed  
Under Public Service Commission  
At Hearing

## HOUSE UPHOLDS COMMISSION

The bill introduced in the state legislature by Senator Rowland Hill of Carthage, to place stock yards under control of the state public service commission, is expected to gain favor following action of the lower house of the general assembly, late Friday, in refusing to abolish the commission by striking out the enacting clause of a bill to re-establish the old railroad commission in its place.

At a public hearing on Senator Hill's bill, Thursday evening, representatives of the Indiana Federation of Farmers' associations, urged the senate committee on agriculture to report the bill favorably. The Rush county association is on record as favoring such action.

Sam Raub, president of the Indianapolis Union stockyards, and Horace Fletcher, of the Indianapolis Live Stock Exchange, spoke against the bill.

Mr. Fletcher and Mr. Raub said that the public service commission was busy enough without having the additional task of supervising stockyards. They asserted that the local yards were giving service more economically than those in some of the other states.

John G. Brown, president of the Farmers' Federation; Earl Crawford and E. A. Williams, also representing the federation, said passage of the bill would have a "salutary effect" and that at present the farmers are forced to accept whatever the stockyards offer.

COMMISSION BILL  
CENTER OF TANGLESome Legislators Argue Constitutional  
Majority of 51 is Necessary to Kill it

## OTHERS TAKE OPPOSITE VIEW

Believe Vote of 50 to 35 to Strike  
Out Enactment Clause is Sufficient

(By United Press)

Indianapolis, Ind., Feb. 5—The legislature marked time today in the week-end adjournment.

There was some discussion among those assemblymen remaining in Indianapolis over the future of the bill which would abolish the public service commission and restore the railroad commission.

The house of representatives late yesterday voted 50 to 35 to strike out the enactment clause. The question was whether the bill was killed by this vote.

Some representatives argue that a constitutional majority of 51 is needed to kill the bill, and others took the position that a majority of those voting is sufficient.

If the former group is correct, the bill is still pending but if the latter group is right, the bill has been indefinitely postponed.

Speaker McClure said today the bill is dead. But some members of the house heard him pass it to engrossment which is equivalent to preparing it for final consideration. Representative Newman of Indianapolis, joint author of the bill, said the measure still lives.

That is the situation in the parliamentary tangle.

Speaker McClure will favor the bill but of order unless some member of the house brings the question up in the house next week.

Representative Claude Smith, also a signer of the bill, who has been one of its active sponsors, considers its ultimate defeat certain if it is brought up again when Speaker McClure hands it down for second reading.

GEN. MITCHELL ARGUES  
FOR AERIAL CONTROLAssistant Chief of Army Air Service  
Advises Combining Army And  
Navy Departments

## FAVORS AIR CONTROL AT SEA

(By United Press)

Washington, Feb. 5—The United States would be unable today to prevent an aerial attempt on this country by England, Brigadier General William Mitchell, assistant chief of the army air service, told the house naval affairs committee today.

He used this as an argument for aerial control. Mitchell advocated construction of airplane carrying ships by which every sea fleet will control the air wherever it goes.

He added that the most efficient thing we could do would be to combine the war and naval department under a minister of defense. We can't learn anything about England's construction of airplane carriers, he said, but we know she is going strong on the development of air strength over the water.

Our air strength should be stronger than that any possible enemy can bring against us," the witness said. "Otherwise a hostile fleet could force use out of the air and carry the air fleet from the American coast to the interior."

Construction of two airplanes carrying ships will be recommended by the house naval committee, it was indicated when chairman Butler and a number of committeemen said they were strongly impressed with Mitchell's argument.

## AN AMERICAN KILLED

Washington, Feb. 5—An American citizen was killed in the state of Durango, Mexico, during the uprising led by Arista Brothers, the state department announced today.

WEEKLY MARKETGRAMS  
\*\*\*\*\*

(U. S. Bureau of Markets)  
Washington, Feb. 5.—(For week ending Feb. 6.)

**Fruits and Vegetables**—Potatoes declined 10-20c per 100 lbs. f. o. b. northern shipping stations, reaching 75-85c sacked, Chicago carlot market lost 5-10c at \$1-1.15. Round whites down 10c f. o. b. New York shipping points, closing \$1-1.05. New York market down the reaching \$1.50-1.65 bulk. Cold storage baldwin apples steady f. o. b. around \$4 per barrel. Baldwins and Greenings steady in city markets at \$4-5 for large lots; York Imperials \$3.50-4.50, except Chicago \$5-5.25. North-western extra fancy Winesaps steady f. o. b. shipping points at \$2.10-2.25 per box; New York market steady, large sizes \$4-4.25, medium sizes \$3.00-3.50.

**Hay and Feed**—Cincinnati reports that heavy receipts poor quality timothy are depressing market factor. Alfalfa slightly steadier in Cincinnati; fair country demand noted in Chicago. Arrivals light in Chicago, few advises of country loadings; demand sufficient to absorb offerings particularly of light two wire bales. Chicago market reports a few buyers need small number cars good southwestern prairie for which \$18-20 could be realized. Kansas City arrivals heavier but demand is better and prices practically unchanged. Idaho alfalfa arriving freely in Kansas City; indications point to heavy movement in near future. Loading in Kansas light account bad roads and weather. Quoted: No. 1 timothy \$25; Chicago; \$25 Cincinnati; \$29 Memphis; No. 2 timothy \$22 Chicago; \$22.50 Cincinnati; 26 Memphis, No. 1 clover mixed \$22.50 Cincinnati; No. 1 alfalfa \$24 Cincinnati, \$29 Memphis, No. 2 alfalfa \$22.50 Memphis.

Wheat feed dull, weak and easier. Southern markets reports little activity in cottonseed meal. Demand for feeds light. Stocks in general ample, in Northwest considerably larger than normal. Recent decline has resulted in bids now offered being more in proportion to present mill quotations for wheat feeds. Linseed meal weaker, demand light, mill agents in Chicago now offering at \$40 though jobbers are able to buy at \$39 that market. Hominy feed offerings lighter, prices steadier. **Barren markets** depressed; mobbing prices very greatly. Minneapolis and Kansas City markets drab. Arrivals light in Kansas City; March soft bran offered at \$24; gray shorts \$25.50; Quoted: bran \$23; middlings \$21.50; rye feed \$21, flour middlings \$26. Minneapolis 36% cottonseed meal \$27 Memphis, \$31 New York, \$33.50 Chicago. White hominy feed \$24 Chicago, \$22.50 St. Louis. Beet pulp \$36 Cincinnati, \$37 Northeastern markets. Gluten feed \$35 Chicago. Oat feed \$10 St. Louis.

**Livestock and Meats**—A sharp decline in sheep and lamb prices features the Chicago livestock market the past week. Fat lambs broke 50-1.25; feeding lambs 75-1.50. Yearlings lost \$1.25-1.50; fat ewes weak to \$50 lower. Cattle declines, ranged 25-50c per 100 lbs with some choice steers \$1 lower. Hogs ranged 15c lower to 10c higher. February 4 Chicago prices; medium bulk of sales, \$9.20-10.00; hog and good beef steers \$7.25-8.75, butcher cows and heifers \$4.50-8.00, feeder steers \$6-8.00; light and medium weight veal calves \$9.50-12.00; fat lambs 7.25-10.25; feeding lambs \$7.25-8.75; yearlings \$6-7.50; fat ewes \$3.50-5.00. Prices of practically all classes and grades of meat declined on eastern wholesale markets. Beef down \$1.50-2.00; veal lamb, mutton and pork loins \$1-3. February 4 prices good grade meats; beef \$13-14; veals \$20-22; lamb \$17-20; mutton \$10-12; light pork loins \$19-22; heavy loins \$15-19.

**Dairy Products**—Butter markets have been weak and unsettled. No trading interest and market generally lacks support. A New York foreign butter has been an important factor producing this condition as buyers have shown preference for high quality foreign butter at favorable prices. Reduced consumptive demand apparent in some sections. Prices 92 score, domestic fresh, New York 45c; Chicago 45c; Philadelphia 45c; Boston 47c.

Cheese markets lost some of their firmness during week and prices have declined slightly. Tendency still downward. Buyers look for lower prices and are operating cautiously. Fancy held cheese firm. Very little at export business during week. Prices

**HOGS PRICES STEADY WITH 5,000 RECEIPTS**

**DELEGATES OF TRADE UNION TO HOLD MEET**

Discuss Means to Combat Throwing Out of Employment Men Who Wish to Smash Trade-Unionism

**CRISIS IN LABOR MOVEMENT**

Chicago, Feb. 5.—Delegates from every trade union in Chicago are to hold a mass meeting here tomorrow to discuss means of combatting what they term "the throwing out of employment of thousands of men by employers who wish to smash trade-unionism".

Labor in the middle west charges that the legions of unemployed throughout the country are victims of manufacturers who lay off their men so that they may crush the unions and force men to take less pay. "This is a crisis in the labor movement", Robert M. Buck, one of the leaders of the liberal union officials in the Middlewest said today. "Labor is prepared to answer the challenge of capital and fight."

The meeting tomorrow is to be a clearing house for ideas on how to successfully combat the alleged conspiracy of employers to break up unions.

It is expected that a meeting of labor representatives from all over the middle west will result from the meeting.

**Grain**—The week opened with falling grain prices that continued until the 2nd when they over sold condition was revealed and general buying set in. The advance was short lived, however, and during week the morning of the 4th Chicago May wheat sold at \$1.40 a new low price on crop. Chicago Board of Trade has discontinued posting Argentine grain prices account effort on American markets. Export demand generally slow. Germany reported to have taken 3,700,000 bushels of Australian wheat at about 12c under American prices. Italy reports Argentine offering wheat much cheaper than American. Yet Argentine inquiring for wheat at Gulf on the 4th. Milling demand reported slow country offerings small. Country offerings of corn to arrive moderate. Kansas City reports millings and export demand slow. To fair with cash No. 2 dark wheat 60c over Kansas City March. Minneapolis flour demand dull. For the week Chicago March wheat lost 13c closing at \$1.624; May corn 1c at 65c; Minneapolis March wheat down 1c at \$1.421; Kansas City March 13c at \$1.46; Winnipeg May 10c at \$1.673; Chicago May wheat 1c at \$1.421.

Amusements

**"The Pleasure Seekers"** at Princess

Elaine Hammerstein, one of the screen's most charming exponents of demure simplicity, will be the headline attraction at the Princess theatre today.

The beautiful Selznick star will be seen this time in her latest production entitled "Pleasure Seekers," an original story by John Lynch and the scenario by Edward Montague, a writing combination that has been responsible for many recent photoplay successes.

The story of "Pleasure Seekers" concerns the career of a young girl who lives with her grandfather, an aged minister, in the small town of South Paradise. One day she chanced to meet the son of a wealthy New York business man who has been sent out into the world to make his own way. The man is an idler and a spendthrift, but the girl finds in him something that appeals to her sense of companionship. Shortly after the death of her grandfather they marry and return to the city. It is then that their life together really begins and the girl finds that she has taken a great task upon her slim shoulders.

The role of Mary Murdock is a typical Hammerstein part, and the feelings of the observer will be divided between sympathy and admiration for the courageous girl who quietly but firmly wins her way to happiness.

**"Other Men's Shoes,"** Mystic  
Do you believe that a man who

had never seen a woman in a suit would step and the shoes on his minister brother? There is such a situation as the central theme of "Other Men's Shoes," coming to the Mystic Theatre Monday and Tuesday.

Stephen and Jim Browning were twin brothers, alike in face, form and voice, that their most intimate friends could not tell them apart. Both were splendid men morally, but Stephen, the minister, was frail of body and meek of spirit and unable to withstand the buffets of a greedy world. Jim had heeded the call of Wanderlust for twelve years and had gone to jail for the crime of a brother.

When the strong brother steps into the shoes of the meek brother interesting complications arise, for the one but his sister and brother know of the masquerade. Blackmailers threaten to besmirch his name in the eyes of the townspeople whose attitude of tolerant respect changed to wholehearted admiration when their minister suddenly displayed a courageous, two-fisted fighting spirit.

Clean, wholesome, vigorous human and dramatic, "Other Men's Shoes" has been called one of the finest productions of the new year. Crawford Kent, head of a splendid cast in which are Irene Boyle, Harold Forsythe, John P. Wade, Jean Armour, Phil Sanford and Bobby Connelly.

Stay at Home and Prosper

Don't go to the big cities in search of fortune. The rent hogs will eat you up.

Owners of large city houses and apartment buildings have developed into the greediest blood suckers the world has ever known. Apartments that rented for \$40 and \$45 a month a year ago are now \$75 and \$100. By moving (May 1) they will probably be given another boost.

If you go from the country to the big city you must rent a room and

take your meals at restaurants, or pay a small fortune for hotel accommodations. If you rent a room the rent will be in proportion to the amount the people pay for the apartment. Your meals will be equally high, and by the time you have coughed up to these two tunes you will not have much left, regardless of the high wages offered.

The rent hogs are not satisfied with their pound of flesh. They want the whole carcass, and at the rate they are going they will soon have it devoured.

This is a good place in which to live, and there are no pounds of flesh or whole carcasses exacted. The same applies to our farms. Stay at home and prosper.

Shooting an American officer just at this time demonstrates the mental shrewdness of the little Japs. Apparently Mr. Wilson doesn't want

to kick up a rumpus on the eve of retiring, and it's quite as apparent that Mr. Harding can't do anything on the eve of entering.

Disarmament is enthusiastically supported by the smaller nations that can not afford to arm.

Henpecked husbands have a great habit of telling other people how to control their wives.

Some married men take an awful lot of comfort in their pipes. But pipes, you know, can't talk.

Financial reverses never take the starch out of some men. They have none to lose.

When a fellow feels that he is nearing the point of perfection he complains of being continually misunderstood.

THE TREND of LEGISLATION

BY GEO. W. STOUT  
State Chamber of Commerce

Indianapolis, Ind., Feb. 5.—To those who do not understand why the House bill to abolish the Public Service Commission was permitted to survive beyond "first reading," the vote being 52 to 46 against indefinite postponement of the bill it may be pointed out that friends of the abolitionist bill pleaded that it would not be far to dispose of an important measure summarily; that it ought to be discussed before its demise, even though fated to die at last.

With four representatives as "daddies" of the bill it was possible to rally personal friends and "far play" members in numbers sufficient to stave off the defeat of the bill for the time being. The close shave in the House is taken to mean that even if the bill finally passes in the lower body it will be defeated in the Senate.

The sober conviction among the people throughout the State, regardless of extravagant contrary claims made by a few extremists, is to the effect that the Public Service Commission not only is useful, but that it is so built into the State's system of government and management as to be essential and practically impossible of dissolution without irreparable damage to the public.

Monday night next comes a public hearing on the important all-time health officer bill. It is an interesting commentary upon Indiana's record in the realm of public health service that only within the last few days has there been any substantial recognition of the work done in the last twenty-five years by Dr. J. N. Hurty, the far-famed secretary of the State Board of Health, known now as Health Commissioner. A bill has gone part of the way through giving the Commissioner who succeeds Dr. Hurty \$4,000 a year instead of \$3,000 annually in salary. This would not be so peculiarly significant if it were not also true that the state veterinarian for some years has been drawing \$4,000 a year as compared with Hurty's \$3,000.

Dr. Hurty is about to retire from his present work to take a position paying \$5,000 a year with prospects of a larger and increasing recognition with time. He goes to a big educational institution in Missouri. His friends declare that Dr. Hurty, in staying on the job in Indiana for so many years at low pay has sacrificed at least \$50,000. Dr. Hurty, however, declares he is proud and glad of it.

Just now the famous health worker who has put Indiana's name conspicuously forward in all parts of the country through his energetic and original efforts for public health achievement is counting out

to law-makers of Indiana the fact that an Indiana idea, advanced in 1899, while ignored by Indiana herself, has been adopted by eleven other states, with still others coming to Indiana for counsel and advice in making of modern health laws.

Dr. Hurty presented his all-time county health officer plan for Indiana. There are signs, it is said, that the measure has gained a standing and favor not before accorded. One of the significant moves made on behalf of the bill was made today when representatives of the Legislative Council of Indiana Women accompanied Dr. Hurty and other earnest advocates of the bill to a conference with Gov. McCray, in which conference the executive was asked to give his support to the bill. It has been confidently predicted that the governor will help the measure to 1921 enactment.

It is shown that in Indiana at this time 541 so-called health officers in cities, towns and counties are giving not more than \$20,000 worth of public service per year at a cost to the people of a cool \$200,000 annually. The State Board of Health has made a survey of conditions, and it is found that \$180,000 a year is actually wasted in paying for public service that is not rendered.

Many examples are being cited to show where this waste exists or persists from year to year. One county health commissioner in a larger county drew \$960 in one year from the people's treasury and could not and did not show a scrap of record to indicate one of service in return.

In another county where the local health commissioner under the present law drew more than \$1,000 in a year his records showed he had worked a total of twenty-nine days for his money as a public health agent, while analysis proved he had given actually but ten days in return for more than \$1,100. In many smaller cities the local health officers as now constituted and empowered drew from \$300 to \$600 a year and do absolutely no public health work for the pay received. Dr. Hurty asserts that these health officers are not entirely to blame under the faulty present law.

The present health law, it is being pointed out, was enacted thirty-one years ago is unscientific and unequal to the work out to be done. Doctors are employed who give little time from their "cure" business to "preventive" work. Being in competition with other physicians they get little co-operation in public health work. Doctors are not trained in disease prevention methods, having studied cure only. The law fails to define duties and powers of health officers; provides inadequate and original efforts for public health achievement, as counting out
